MDF | HDF | PARTICLE BOARD

Saptam Decor stands as a premier Indian manufacturer of high-quality bagasse particle boards, renowned for its commitment to excellence.

With years of industry expertise, Saptam Decor has gained deep market insights, enabling the creation of a diverse product range that caters to every taste and requirement. Crafted from superior bagasse-based material, these particle boards are celebrated for their unmatched strength and durability.

Their exceptional versatility makes them an ideal choice for a wide array of applications, establishing them as one of the most sought-after surface solutions in modern design.

Innovation meets craftsmanship in every pre laminated particle board from Saptam Decor. Designed for strength, style, and longevity, our boards bring sophistication to any space—be it a home or a commercial setting. Redefine interiors with the perfect harmony of aesthetics and durability.

We believe in crafting a sustainable future without compromising on quality and style. Our environment-friendly products are designed to offer strength, durability, and elegance while minimizing environmental impact. Made from responsibly sourced materials, our collections seamlessly blend innovation with nature, providing a greener choice for modern interiors. Choose sustainability, choose Saptam Decor—where beauty meets responsibility.

# OUR JOURNEY

The vision for a state-of-the-art particle board manufacturing plant took shape, driven by industry expertise and market research. A strategic location was chosen, and a detailed feasibility study covered market demand, raw material sourcing, technology selection, regulatory approvals, and financial planning. By year-end, the project secured approvals, finalized the plant design, and initiated machinery procurement.

## 2018

### Laying the Foundation

## 2019

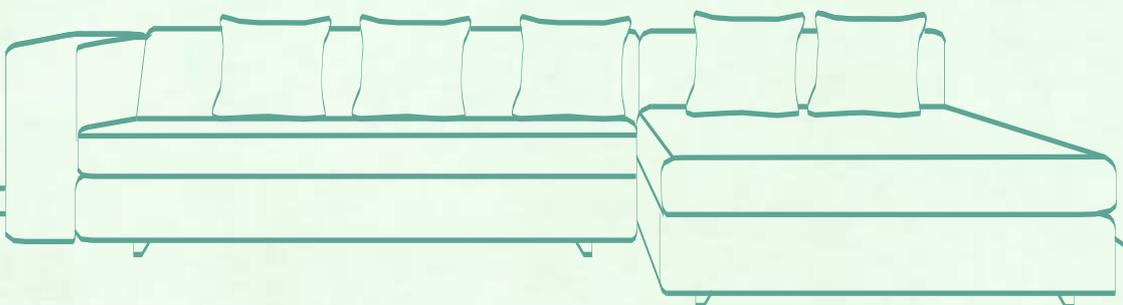

### Construction & Commissioning

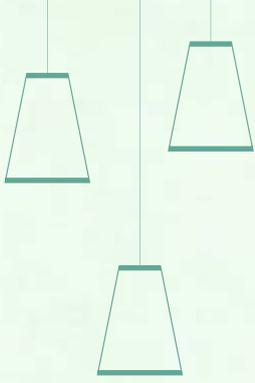

Civil construction began, focussing on infrastructure, machinery installation, and workforce recruitment. Supplier and distributor networks were established, ensuring smooth operations. By late 2019, trial production commenced, testing equipment and refining manufacturing processes.

The plant started commercial production in January, prioritizing quality stabilization, market expansion, and supply chain optimization. Despite COVID-19 challenges, the company adapted through enhanced safety measures, operational efficiencies, and digital marketing strategies.

## 2020

### Commercial Production Begins

MDF | HDF | PARTICLE BOARD

## 2021-2024

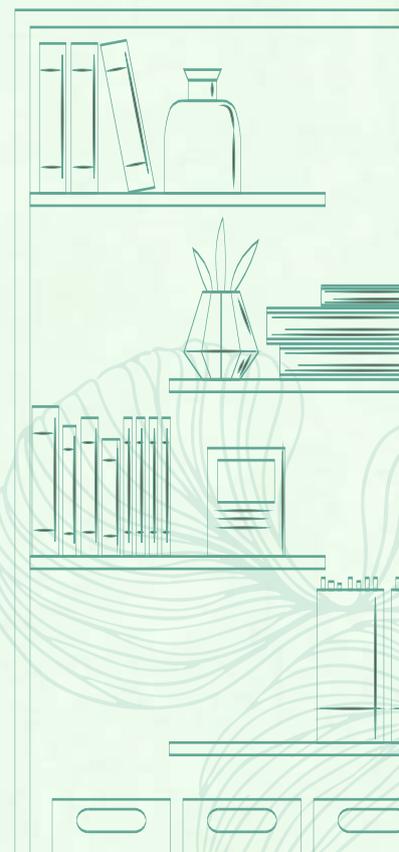

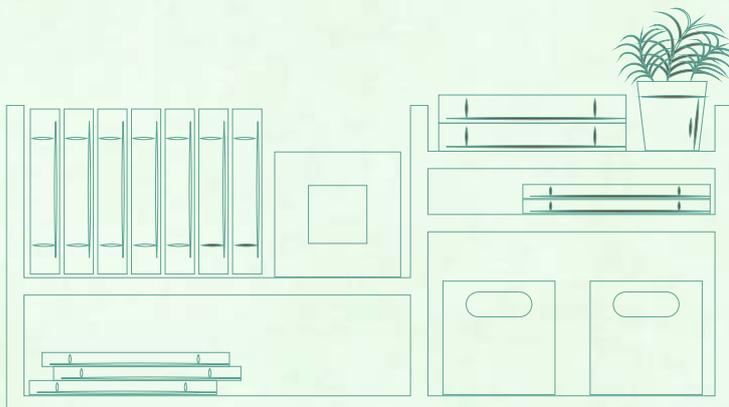

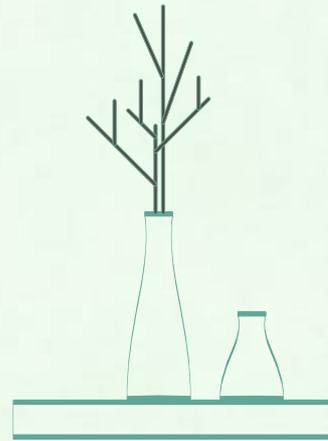

### Growth and Market Expansion

Civil construction began, focussing on infrastructure, machinery installation, and workforce recruitment. Supplier and distributor networks were established, ensuring smooth operations. By late 2019, trial production commenced, testing equipment and refining manufacturing processes.

Capitalizing on market demand and its strong industry position, the company is launching an MDF plant in 2025. This expansion leverages its existing infrastructure and experience to provide comprehensive wood panel solutions. The new facility will feature advanced manufacturing technology, ensuring superior quality, sustainability, and cost competitiveness, reinforcing the company's market leadership.

## 2025

### Venturing into MDF Production

## OUR VISION

We envision a world where every home is a sanctuary of comfort, joy, and togetherness, built on the foundation of exceptional furniture. As a leading manufacturer of MDF boards, we are committed to crafting boards that are not just materials, but the building blocks of beautiful, durable, and resilient furniture.

Our boards are engineered to be strong, versatile, and long-lasting, ensuring that every piece of furniture made from them stands the test of time. We believe that good furniture is more than just functional—it is the heart of a happy home, it is where families gather. That's why we strive to create MDF boards that inspire furniture designers and manufacturers to bring out the best in every home.

From elegant designs to everyday durability, our boards empower the creation of furniture that enhances your living spaces and enriches your family's life. At Saptam, we don't just manufacture MDF boards—we craft the foundation for homes filled with love, laughter, and lasting quality. Because when your furniture is at its best, your home is at its best, and so is your family. Together, let's build a better future, one board at a time.

# OUR MISSION

Our mission is to revolutionise the MDF manufacturing industry by redefining its standards, priorities, and impact on the world. We are committed to transforming the way the industry functions, shifting the focus towards innovation, sustainability, and consumer-centric solutions. By producing high-quality, durable, and eco-friendly MDF boards, we aim to empower furniture makers to create pieces that elevate homes and enrich lives.

We strive to make a meaningful impact on the end consumers—the families who rely on furniture to build their homes and create lasting memories. Our goal is to ensure that every product we manufacture contributes to a happier, more comfortable, and sustainable lifestyle. With a relentless focus on excellence, innovation, and customer satisfaction, we aim to become one of the top three MDF manufacturers in the industry within the next five years.

Through our commitment to quality, sustainability, and transformative growth, we are not just building boards—we are building a better future for homes, families, and the industry as a whole.
